

TOWER FOR USERS

MAX NO. OF DELEGATES:
8

DURATION:
1 DAY

LENGTH OF CERTIFICATION:
5 YEARS

ACCREDITATION:
PASMA / COTS CERTIFICATE

WHO SHOULD ATTEND

Personnel who will be responsible for the assembly, dismantling, alteration, moving & inspecting of mobile access towers.

COURSE AIM

How to safely assemble, dismantle, relocate & alter a mobile access tower without risk of personal injury to the delegate or others.

TRAINING METHODS

Instruction both in theory and practical sessions. Assessment is via a closed book course with a pass mark of 80% in both theory and practical.

ADDITIONAL INFO

Delegates attending this course should be **18+ years** and be physically and mentally fit to withstand the rigours of training.

No formal qualifications or experience are necessary, but it would be beneficial if delegates had a basic understanding of working at height issues.

COURSE CONTENT

- Legislation, Regulations and Guidance affecting working at height with mobile access towers
- Code of Practice
- Product Standards EN 1004
- Assembling, altering and dismantling towers
- Fall protection
- Inspection of completed mobile access towers
- Tower Inspection Records
- Hazards affecting the use of mobile access towers and how to avoid

PPE REQUIREMENTS

Suitable head / footwear / eye / glove protection during the practical session. Hard hat, preferable with chin strap.

LOCATIONS

COTS Llandarcy
